KEEPING YOU CONNECTED TO YOUR COMMUNITY

TransitCare offers a range of services to assist seniors, people with disabilities, the socially isolated and those who have difficulty getting around.

We are Queensland's largest and most experienced community transport and social support provider. Our services enable people to live independently in their own homes and remain connected to their communities.

Community Transport

Our fleet of vehicles provides a pre-booked and door-to-door transport service to people who are unable to get out and about to their appointments and activities. We will take you to hospital and medical appointments, the pharmacy, shopping, the gym, bank and post office, the library, hairdresser, and to all appointments, social and recreational outings and visiting family and friends.

Social Support

Our social support programme is for people who feel socially isolated and enjoy some time away from home in the company of new friends. We run TransitCare Hub which includes activities: such as art, craft, music, exercise, brain stimulation and other entertainment. They also travel on outings to different locations around South East Queensland.

Group Travel

Our group travel includes Community Flyer Adventures to interesting locations, men's and women's groups and our Fun on the Run programme for retirement villages, senior social clubs and other groups.
